RECD. 11/04/10

November 4, 2010

Dear Librarian:

DOCUMENT HANDLING FOR THE STAFF ASSESSMENT/DRAFT ENVIRONMENTAL IMPACT STATEMENT FOR THE PROPOSED RICE SOLAR ENERGY PROJECT (09-AFC-10) and POSTING OF PUBLIC NOTICE

The California Energy Commission staff (staff), the Department of Energy (DOE), which includes the Western Area Power Administration (Western) and the Loan Guarantee Program (LGP), and the Bureau of Land Management (BLM) have prepared a Staff Assessment/Draft Environmental Impact Statement (SA/DEIS), which is a joint environmental analysis document for the proposed Rice Solar Energy Project (RSEP) in Riverside County, California. RSEP would be located immediately south of State Route 62, about 1 mile east of the junction with Blythe-Midland Road. Western, on behalf of DOE, and the Energy Commission are joint lead agencies for purposes of satisfying the requirements of the National Environmental Policy Act (NEPA) and the California Environmental Quality Act (CEQA), with the BLM acting as a cooperating agency.

Please make this SA/DEIS available for those who may wish to be informed about the project. We request that you not allow the SA/DEIS or any of its contents to be removed from the library. To increase accessibility of the document, we ask, if possible, that you cross reference it as a general reference work under the title and author categories, as well as under such subjects as "Energy Commission," "electricity energy/generation," "power plant siting," or any other relevant subject. Please retain the enclosed letter to the public behind the front cover of the SA/DEIS.

The Energy Commission's siting process is open to the public and incorporates the input of the public as well as local, state and federal agencies. To facilitate public participation in our review process, the Commission distributes copies of staff documents such as the SA/DEIS to public libraries in communities near the proposed project, and in major cities throughout the state. As such, please retain a copy of the enclosed Notice of Availability behind the front cover of the SA/DEIS and also post a copy of the Notice in a place conspicuous and accessible to those members of the general public who visit the library.

Thank you for your cooperation. If you have any questions, please contact John Kessler at (916) 654-4679, or by email at ikessler@energy.state.ca.us, or Maria Santourdjian, Project Assistant, at (916) 651-9410, or by email at msergoya@energy.state.ca.us.
